Engineering
Restoration
General Interest
Weather-Related
Ethical Consideration

Legal
Contracting
Technology
General Property Insurance
Construction

Additional Speakers for Proposed Topic

Educational sessions at WIND include a balanced panel of up to four speakers. Each speaker must represent separate companies. Topics with a balance and complete panel are given higher consideration. **Please list names, company, and contact info for each co-presenter:**

WIND is dedicated to providing education from both the insured's and insurer's point of view; therefore, WIND requires both viewpoints to be represented in every presentation. **Finally, the inclusion of an insurance company representative is highly recommended as WIND is always looking to maintain strong company participation. I agree to allow the WIND Program Committee to make modifications to presenter teams and topics with appropriate notification. Please verify both sides are represented in your proposed topic: ***

YES

NO
